Nature-inspired gifts from around the globe.

M.E. Gifts

Welcome to the first edition of the M.E. Gifts catalog, featuring nature-inspired gifts from around the globe.

Creating this catalog has been a labor of love for us. As partners in one of the country's most successful family-owned theme parks, we've traveled the world searching for unique offerings that allow our gift shops to contribute significantly to our bottom line.

We've discovered artisans who use their talents to create unique art forms – from striking hand-blown glass pieces and hand-painted sculptures to extraordinary replicas of fossils and adorable hand-carved frogs.

Over the years, we've developed strong partnerships that benefit both our gift shops and the artisans. But we've also learned – sometimes the hard way – that not all artisans are dependable business partners. And we also recognize that most gift shops would rather purchase from an American company.

That was the impetus for this new venture. We've collected our favorite – typically our top-selling – items and worked closely with the companies who distribute them to ensure a steady supply of unique hand-crafted products at prices that allow gift shops to generate profitable margins.

One of our greatest pleasures is watching adults browse through our gift shops – expecting typical theme-park offerings and then discovering a gorgeous sea turtle sculpture or a unique ocean-themed glass globe. We hope you feel the same way about this catalog!
